

BOOK REPORTS

As a part of literature class, you will be required to read at least one book each trimester and do a book report on it. The books chosen and the type of report are up to you. Here are the guidelines:

- You will be given three genres of books to choose from. You can choose what you want to read when. However, you will read a book from each genre by the end of the year. Three trimesters, three genres.
- You will also have three options for how to report on the book. Once again, you will do one of each, but you get to decide the order.
- All books read must be new to you. No reading a book you have already read.
- All books need to be shown to me for approval.
